Space is limited to first 50 to pay in full.

Johnny Rivers at The Wolf Den

(8:00 PM)

In 1964, when the British Invasion was in progress and American rockers were tough to find on the U.S. Pop charts, Johnny Rivers was one of the first to regain a foothold; his first Top 10 record came right in the midst of Beatlemania. His formula

was much the same as the British style vintage American Rock n' Roll and R&B played with a verve and simplicity that gave his music a contemporary edge. Over the next four years his funky, go-go Rock gave him a steady stream of Top 10 records. His first #1 record came when, against the advice of the record company, he abruptly switched gears and began cutting ballads.

The Spa/Health Club at Mohegan Sun – Admission is just \$10 (regularly \$25) for Wine Dine & Gamble clients for use of the locker room, pool and hot tub area. The 12-person hot tub is the perfect place to meet friends after dinner for a party within the party. Full bar is just 50 feet away.
